

107 PIECE CLASSPACK/302 PIECE BULK BOX A4 PHONEME 6-FRAME WHITEBOARDS

DESCRIPTION

These A4 Phoneme Frame Boards allow children to segment words and sounds in order to build their word recognition and reading stamina.

They allow identification of a variety of phonemes including digraphs (such as 'ch', 'ck' and 'sh') and trigraphs (igh and air) so that children can also develop key spelling skills by breaking the words into their individual sounds.

Each board feature a 6 section Phoneme Frame printed on one side with ruled handwriting lines beneath. Each double-sided board also complies with government recommendations for teaching phonics.
