Re.Think Furniture Recycling Programme

According to Waste & Resource Action Programme (WRAP) it is estimated that 1.2 million office desks and 1.8 million office chairs end up in landfill every year, making it the most common way to disposal of old or unwanted furniture. Re.think Furniture Recycling is a nationwide collection and recycling service for our customers and offers a simple, sustainable solution for the disposal of old or unwanted furniture. Collections can be made from your premises during delivery of new furniture. Through this scheme, any furniture we collect is returned to our re.think depot and is stripped down, segregated, and fully recycled – avoiding landfill. We handle every part of the process, so our customers don't have to lift a finger. With re.think, we can offer our valued customers a fantastic, sustainable furniture disposal solution at a fraction of the cost usually associated with waste management.
