

## POLYETHYLENE SHEETING

Polyethylene Sheeting are a robust and practical solution for various construction and DIY needs. These rolls are proudly manufactured from recycled Low-Density Polyethylene (LDPE), offering an environmentally responsible material choice for your projects.

Please note that this product is not suitable for food use.

Both Low-Density Polyethylene (LDPE) and linear materials are fully recyclable, supporting sustainable waste management practices on your site.

### Technical Details

Test	Specification	Tolerance
Description	CLEAR REGRAN POLY SHEETING	N/A
Type of Film	NATURAL REGRANULATED LDPE (LOW DENSITY POLYETHYLENE)	N/A
Width	ALL WIDTHS	+/- 5%
Length	ALL LENGTHS	+/- 5%
Micron	ALL THICKNESSES	+/- 5%
