

POLYPROPYLENE ACRYLIC PACKING TAPE ROLL

This polypropylene clear self-adhesive packing tape is crafted from bi-axially oriented polypropylene (BOPP) film, giving it both its clarity and robust strength. We've also incorporated 30% recycled film content, showcasing a strong commitment to sustainability. The tape features an acrylic adhesive, which guarantees dependable bonding for all your various packaging requirements. This product is NOT SUITABLE FOR FOOD USE and should not be used in direct contact with food items.
