

STRUNG BROWN PAPER BAG

This versatile and eco-friendly brown kraft paper bag is suitable for various packaging needs, including direct food contact. Manufactured from recycled material, and designed with sustainability in mind, it's 100% recyclable, compostable, and biodegradable.

- The manufacturing process avoids the use of chlorine and industrial bleaches.
- The material complies with EEC Regulation and Regulation 1935/2004/EC for materials in contact with food.
