We regularly choose Carlisle Business for our furniture installation at our Junior School. The whole process was smooth from start to finish. Our latest staff room renovation really helped create a bright practical environment for staff to eat and relax in comfort.
It is important for us to use a local supplier who supply everything from furniture to everyday essentials. The service is reliable and high quality. It's great to work with John, Rae and the team, who make things easy and go over and above to provide a good service.

"

"

I have used CBS several times over the past few years. John has been helpful with his room design and advice on what furniture to use. They always hit the targeted delivery dates and assembled on site by a very professional team; all packaging is taken away by them and no mess left behind you could not find a better supplier of educational furniture locally or nationally. As someone who has purchased a lot of furniture from different sources in the past I will never look further than CBS.
