Our Sustainability Story

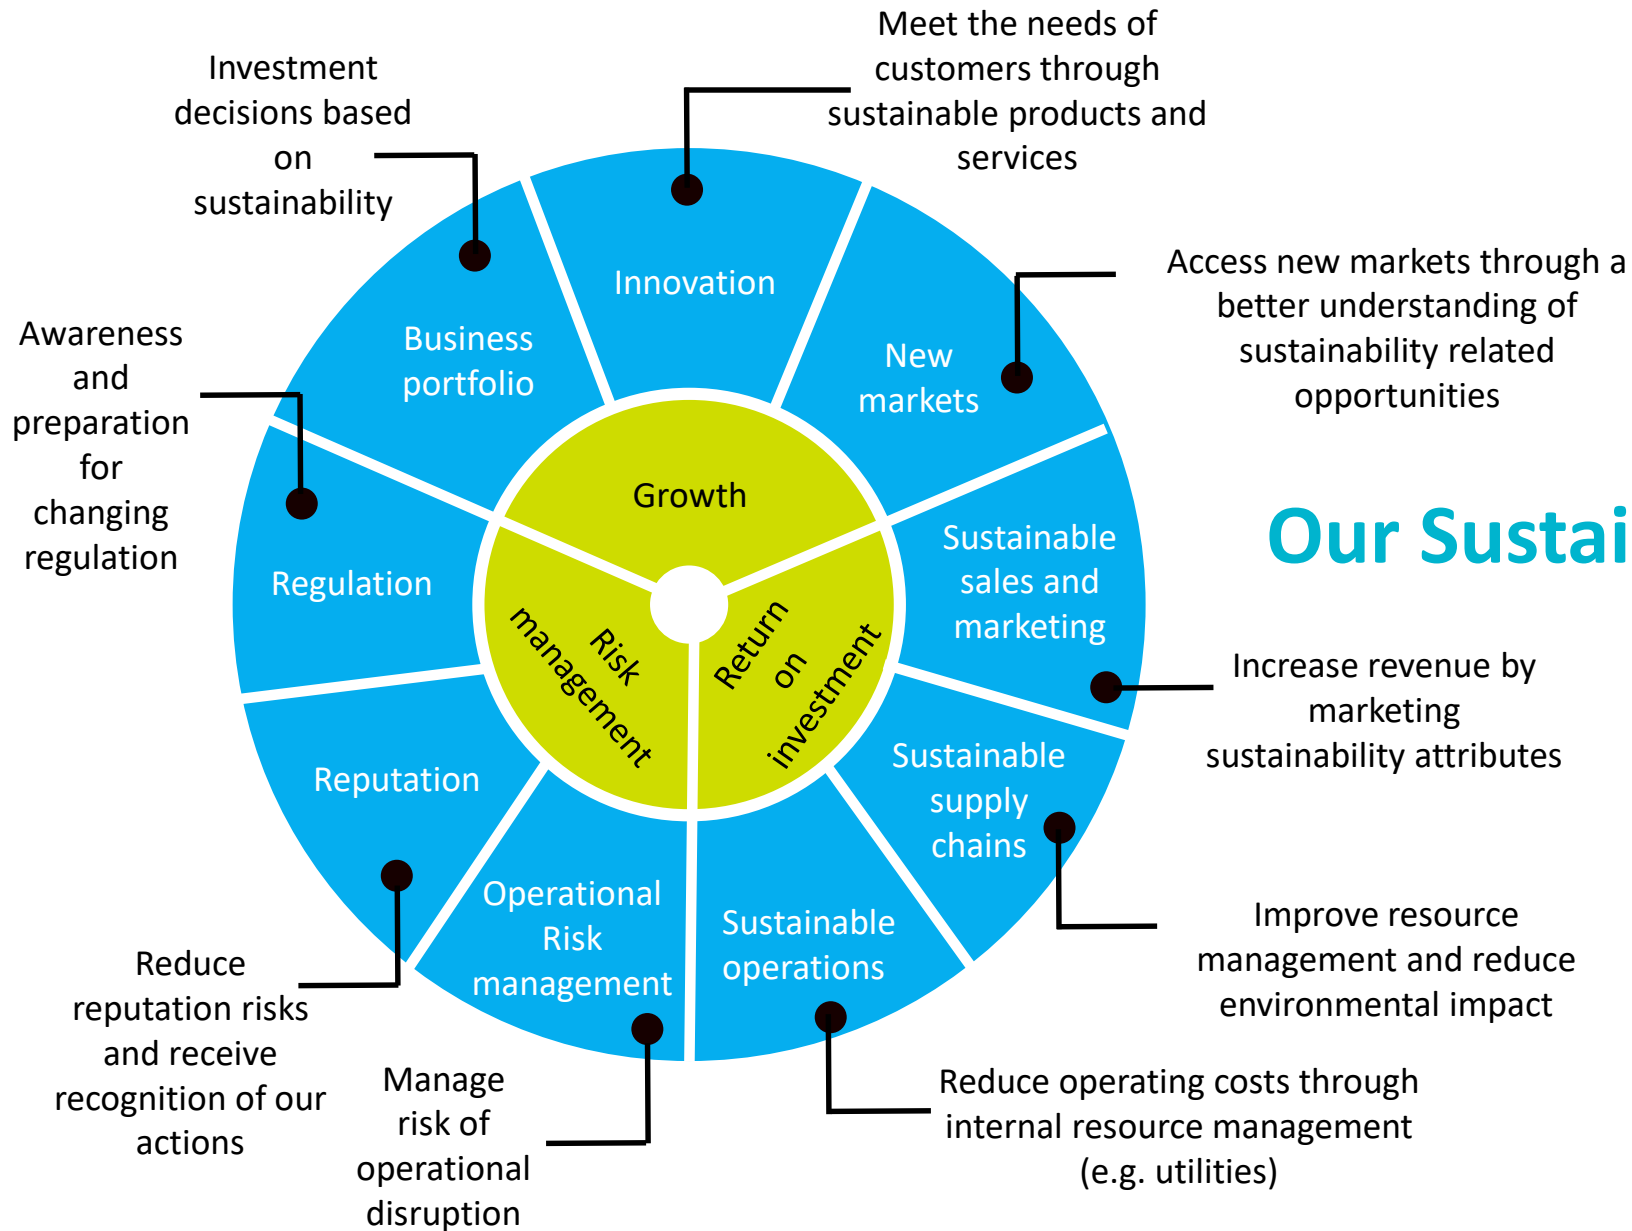

We recognise our responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customers, suppliers and other stakeholders to do the same.

Phasellus id felis dictum, ornare mauris ac, tincidunt est. Nulla consequat arcu id cursus dapibus. Proin in feugiat mi. Proin vitae leo nec nisi efficitur vestibulum vitae vel ipsum.

This year, to continue our sustainability journey, and increase the scope of our environmental commitment, we've partnered with Office Friendly and Carbon Smart by joining the Weaver Social Sustainability Programme.

Our Sustainability Model

What is Weaver?

Weaver is a social sustainability programme for businesses developed by Office Friendly in partnership with independent sustainability consultancy, Carbon Smart.

When it comes to sustainability, both business and consumers have come to expect transparency, accountability and action.

Weaver has helped our business implement sustainable practices relating to carbon footprint, waste management, single-use packaging, sustainable products and social responsibility.

social sustainability programme

What does it mean?

Carbon Footprint

Measuring, monitoring and reducing our carbon footprint in line with our business metrics.

Waste Management

Reducing, reusing, recovering and recycling business and operational waste by taking direct action and making changes within our supply chain.

Single-use Packaging

Minimising environmental contamination and waste by reducing the amount of single-use plastic and packaging before disposal.

Sustainable Products

Improving the sustainability of our overall supply chain by introducing more sustainable products into our offering.

Social Responsibility

Creating a positive social impact for our employees and our wider community through engagement and action.

Our sustainable products and services
