

Pantone Color of the Year 2022

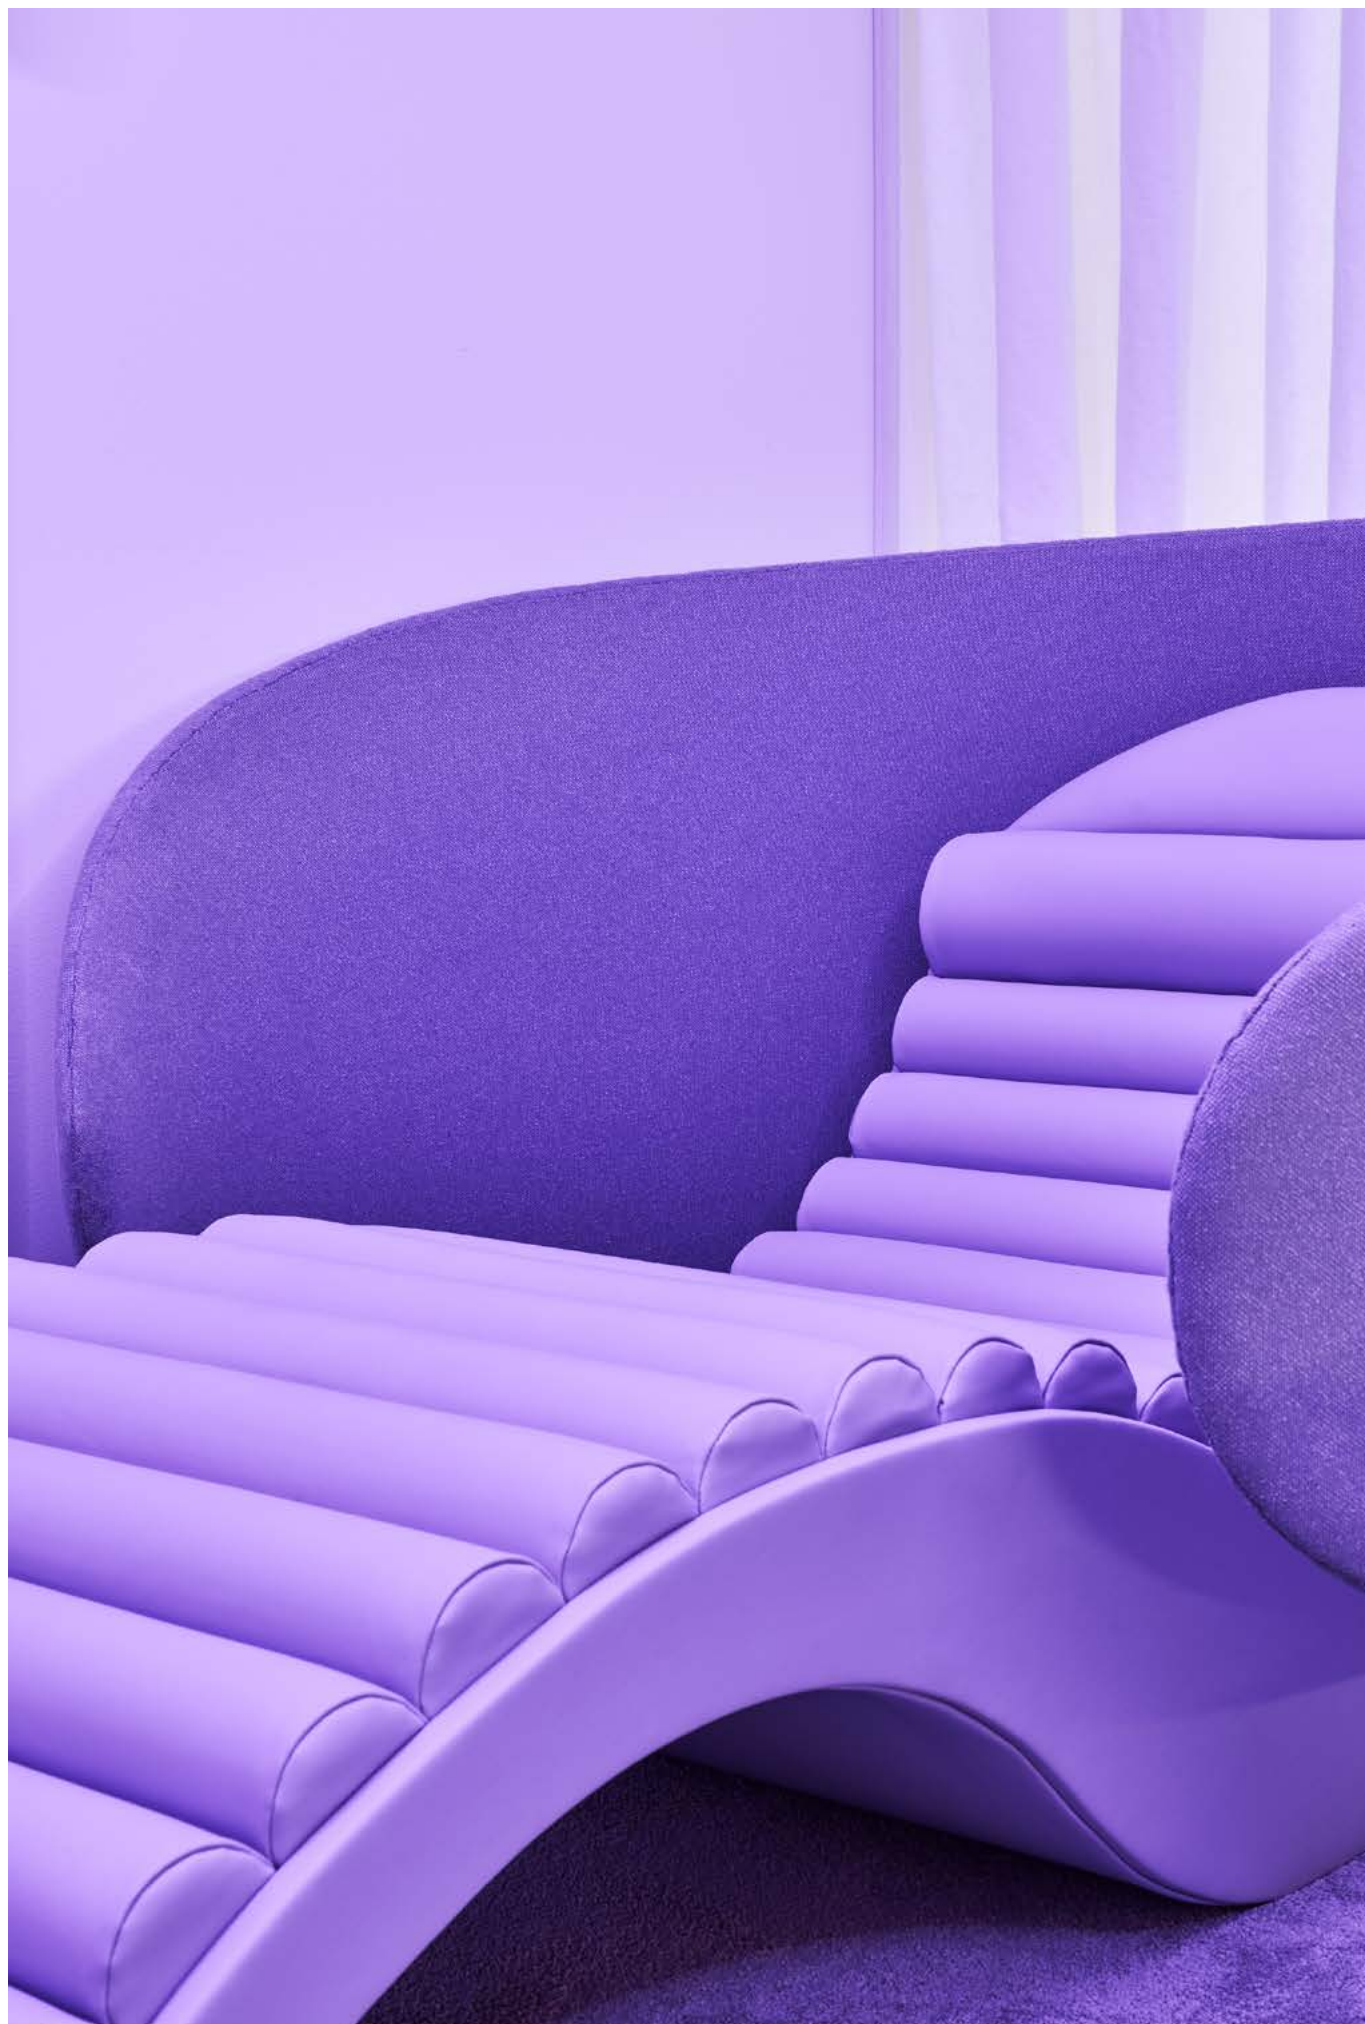

Pantone

Very Peri
Pantone 17-3938

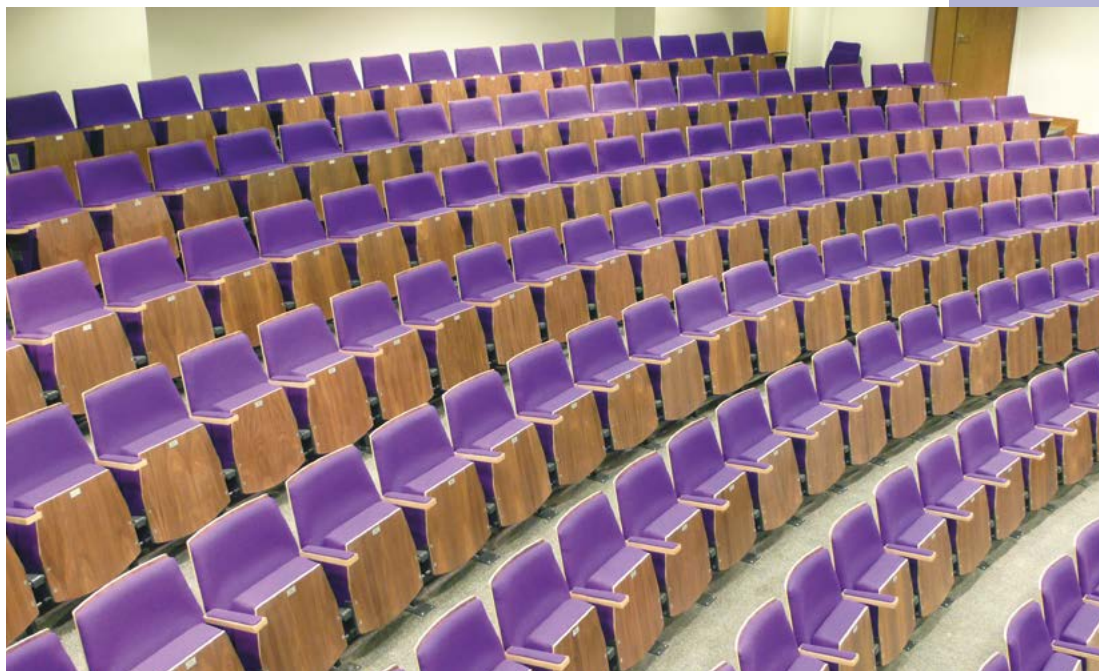

camira

A colour for a new era, **Very Peri** – this year's Pantone Color of the Year – is impossible to resist. Encompassing innovation, dynamism, and transformation, the shade signals the start of a future bright with possibility.

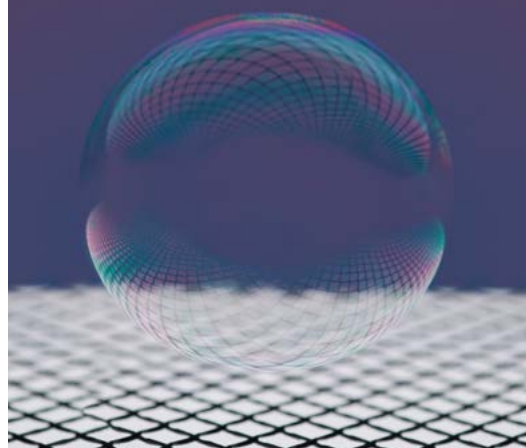

In a celebration of the creativity and imagination that the colour encourages, we've curated a selection of Camira products, installations, and inspirational images to illustrate how Very Peri can bring a pop of contemporary optimism to contract interiors.
