## Height Adjustable Workstation for Desks

### Dimensions (mm)

Width 880  
Depth 385  
Height 120-505

### Description

Convert an existing desk to a standing desk with our desk converter which offers an easy transition from a comfortable sitting position to a standing one. The monitor riser allows simple and smooth adjustments thanks to the gas spring lift which allows for any height setting within the range, with a separate keyboard tray.

# ERGONOMICS TIPS FOR DESK USERS

## #1

- Keep back straight to chair.
- Chair ideally should have armrests.
- Ability to adjust seat height is a must.

## #2

- Relax forearms.
- Keep arms parallel to the floor.
- Minimal bend of the wrist.

## #3

- Keep top of monitor at eye level.
- Keep screen at arms length.
- Slightly tilt screen up.

## #4

- Keep legs parallel to floor.
- Keep feet flat to the floor/footrest.
- Use footrest to avoid 'pinching' legs.

## #5

- Don't forget to take regular breaks! Good for your eyes as well as circulation.
