30UT THE COMPANY

ABOUT US

Jenkinson's have the expertise to deliver against this requirement. We have proven ability to understand and effectively manage customers briefs and meet their innovation needs.

This is demonstrated by our long trading history and considerable experience in providing furniture solutions that benefit our customers and maximise their workspace.

We are a private family-owned company, based in Liverpool and have been delivering furniture solutions to both public and private sector customers for over 100 years.

One of our key strengths is our flexibility to provide an agile response to customer requirements. Our service ethos is based on the principle of adding value to every customer interaction. We are committed to creating tailored innovative solutions that helps our customers create efficient and up to date workspaces.

OUR MISSION

Assisting clients, architects and interior designers to furnish spaces for their projects, across sectors ranging from commercial office to leisure schools & hospitality.

If your building needs furniture, we can help!

OUR VISION

Our vision is to create, maintain and operate within a culture of trust. We want our clients, our suppliers and our employees to get closer; to co-operate and work together. A better work place environment produces more productive content and a reliable work experience.

JENKINSONS COMMITMENT TO QUALITY AND SERVICE MEANS BEING ABSOLUTELY CLEAR ABOUT HOW WE WORK AND WHAT WE STAND FOR.

We understand how space works and our approach helps to create working environments that enhance our customers business processes and support the well being of their staff. Enabling a more effective and responsive way of working to be adopted. Our team of designers create environments that seamlessly integrate people, the environment, and technology to optimise the purpose of space.

Design

We look at all aspects of your working environment and are able to produce 2D technical plans and 3D visual renders. This helps you to see how our designs can transform your space.

Space Planning

Our space planning professionals produce accurate CAD plans of your new workspaces. Our designs reflect not only who our clients are but where they want to go

Development

We will monitor
performance in all aspects
of the account. Devising
and modifying operations
to anticipate, prevent
and resolve potential
problems. Devise ways
of achieving savings as
part of a cost reduction
strategy.

Analysis

Full understanding of the requirement

Providing appropriate and professional advice on product selection etc. with effective communication.

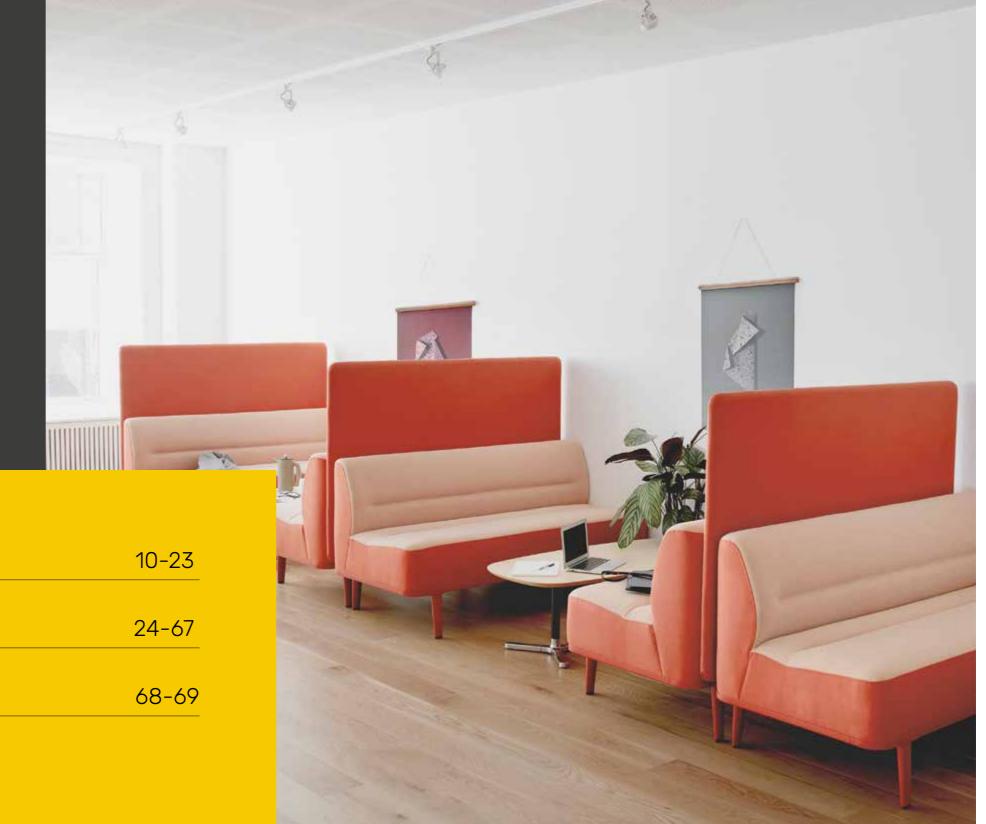

Full Project Management

From guiding your initial thoughts and concepts through to installation of the chosen products, Jenkinsons will help you to manage each stage, mindful of time and budget, so your vision becomes a reality.

Fit Out

Our qualified installation team have many years experience enabling them to work effectively and efficiently.

Jewel

Jewel is an extensive upholstery system. The modular elements offer multiple product combinations, configurations and upholstery options.

Jewel ranges from standalone benches through to multiple length contemporary sofas to linked scenarios for collaborative working. Available in bench, with back or raised back formats, in four different sizes, four corner connecting units and internal & external curved units. Power and charging options are available.

A modular lounge seating system blends subtly into all kinds of lounge or work spaces for both public and private use and helps create a welcoming, safe and calm atmosphere for relaxation, informal meetings, collaborative or individual tasks.

Soft Rock

Ad Lib

Ad-Lib Tables were developed to work with Ad-Lib seating and share common design values and architecture. Lean material usage and sustainability were fundamental in development, as was the desire to develop a truly universal table programme with a very small inventory of components.

- Certified sound absorption class D

Individual Focus Pods

My Space absorbs noise and divides your office into personal workspaces. You can choose from a mounted desktop or free-standing screen system, suitable for sit-stand or fixed height desks. Components are quick and easy to connect and assemble.

My Space

Acoustic screens are filled with special acoustic sound-absorbing foam, certified sound absorption Class D, and can be upholstered with a fabric of your choice. Use a variety of colour combinations not only to create separate spaces but also to arrange workstations in groups.

Haven Pod

Advances in technology, changing work patterns and the trend towards open plan workspaces have resulted in an evolution of the modern workplace. Pods create both focused environments within open plan offices and provide ideal spaces for ad hoc meetings and sharing ideas.

Haven Pod

Advances in technology, changing work patterns and the trend towards open plan workspaces have resulted in an evolution of the modern workplace. Pods create both focused environments within open plan offices and provide ideal spaces for ad hoc meetings and sharing ideas.

ACOUSTIC

Acoustic Panels

Acoustic Panels

MODUS acoustic panels will improve your working environment and workplace well-being by absorbing background noise and by creating acoustically private spaces as well as bringing character to the interior space.

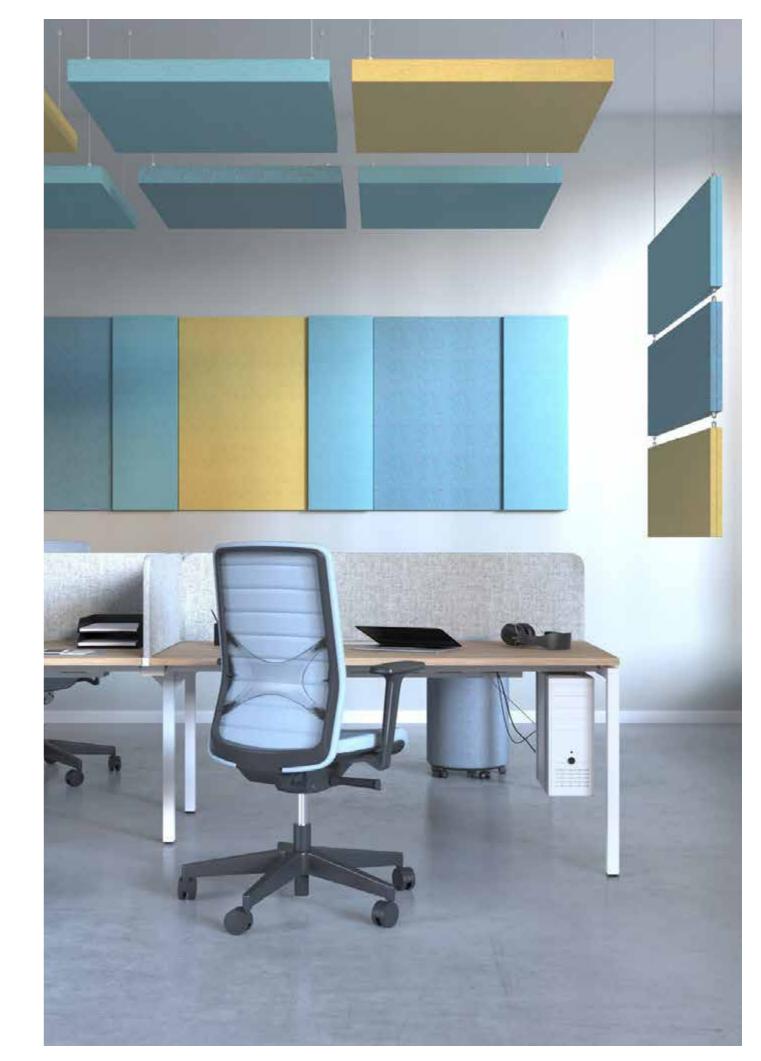

Modus

One-sided panels are creative solutions for an efficient work environment which ensures acoustic comfort. These panels can be mounted on walls or suspended from the ceiling at different heights. Double-sided panels offer a convenient way to structure interior spaces, reduce reverberation and improve office acoustics.

Acoustic Sound Panels

ACOUSTIC ARTWORK product range includes acoustic products made from PET felt and designed to improve room acoustics. In pursuit of this goal, creative compositions are born for the modern office where employee wellbeing is a priority.

Acoustic Artwork

Besides improved acoustics, these products are also ideally suited for performing other functions: dividing and creating office spaces, and designing a unique interior.

Protek Screen 3

Protek is a solution for protective screens within the workplace. Besides providing the required safety, they improve people's feeling of trust and mental health, thus inspiring a positive attitude to enable employees to work more comfortably.

In light of the current situation the importance of taking necessary measures for both users and employees has become a must. At this time social distancing is one of the most effective measures to avoid spreading illnesses and infections amongst the population, and by the way of different practices, we can obtain an environment that is respectful of the people sharing it.

^{**} denotes your door colour choice. See 2 letter code with colour options top left. Please add required door colour choice to your order.

Shelving Systems

A cost effective, fully adjustable single skin upright shelving system. Stormor clad uprights are manufactured from one-piece steel and features a delta front edge with no sharp edges, which eliminates snagging when loading shelves.

Office Shelving

- · Choice of open back or back clad shelving bays
- White paint finish with ActiveCoat anti-bacterial protection
- · Easy to adjust shelves on 25mm pitch
- 70kg UDL shelf capacity
- Range of accessories makes the creation of custom designed storage facilities easy

All painted surfaces of shelving, are finished with ACTIVECOAT anti-bacterial powder coating as standard. This impedes the growth and migration of potentially harmful bacteria, mould, fungi and algae, reducing the risk of cross-contamination from surface to surface. This is especially suitable where stringent hygiene standards are required, such as healthcare and education.

For further information on lock options and prices please call 0151 546 7744

STORMOR ACCESSORIES

Accessories can be easily retro-fitted allowing you to add to your shelving, as your storage needs change.

PIN HINGE DOOR KITS

Hinged doors transform shelving into a lockable storage cupboard. Doors feature full height vertical stiffener, 3-point locking recessed handle and safety key. Available as full and half height kits.
