EN/UKCA Certification:
- SB PS HRO FO LG WR/WPA

Weight (based on size 9):
- 910 grams

Sector Use:
- Agriculture
- Construction
- Engineering
- Maintenance
- Trades
- Utilities
- Warehouse & Logistics

Features & Benefits:

B1180 carries its Buckbootz heritage and branding with pride - with its extended whole cut vamp and beefy heel counter this is a waterproof safety boot with gravitas and real substance. Using construction and components designed to withstand the roughest treatment, **B1180** combines strength with light weight thanks to an aluminium toecap, kevlar midsole and the new Buckbootz K11 dual density sole. K11 lets us retain all the legendary Buckbootz rubber outsole durability and features which now include ladder grips. With Buckbootz characteristic attention to detail we have beefed up the outer sole rubber depth at the critical heel/ground contact area. **B1180** also brings three dimensional Buckflex fitting with three flex-strength areas at the boot collar. This makes fitting and removal a stroll in the park and enables the collar to retain its neat look and snug fit at all times.
