

sustainable kpi reporting

This report outlines the key sustainability performance indicators (KPIs) being tracked as part of our ongoing commitment to the Weaver programme. Developed by Office Friendly in partnership with an independent sustainability consultancy, Weaver supports businesses in embedding social sustainability into their operations.

As expectations around transparency, accountability, and measurable progress continue to rise, this report provides a clear overview of our performance in the following focus areas: carbon footprint, waste management, single-use packaging, sustainable product offerings, and social responsibility.

carbon footprint

Total Greenhouse Gas Emissions	16992.72 to CO ₂ e
--------------------------------	-------------------------------

Carbon Reduction Plan for 2050 maximum	In Place
--	----------

Waste Management	32% RDF
------------------	---------

Percentage of Non-recycled Waste	0% to Landfill
----------------------------------	----------------

2025 guidance for separate waste streams	In Place
--	----------

recycling

the rates of recycled materials in product packaging

60%

sustainable products

The rates of recycled content in products

60%

social responsibility

All employees covered with training on social safeguards

in place

We remain committed to continuous improvement and responsible business practices through the guidance provided by the weaver framework.
