

PICK AXE WITH FIBREGLASS HANDLE

Built to withstand the toughest jobs, the Roughneck pick axe is manufactured from drop forged steel and heat treated for extra toughness. The pick axe head combines both a chisel and point pick, ideal for breaking up and dislodging rocks, stones, mortar, paving slabs or hard ground. Mounted on a solid fibreglass handle, it is not only stronger than conventional wood, but far more durable and requires no maintenance. At 900mm/36" long, they generate significant striking force and are ideal for heavy work.
