

## Water Hawk Jointing Compound 400g 61023

- Jointing compound for use with hot and cold potable water
- WRAS – Approved Product
- Non-toxic and environmentally friendly
- Easy and effective to use

Water Hawk is a jointing compound designed for use with hot and cold potable water. The non-toxic formulation is also WRAS approved.

### Application

Water Hawk is manufactured from a unique silicone compound to ensure it does not support microbiological growth. Water Hawk complies with BS EN 751-2 Class A. Water Hawk is used on all jointing applications, but is uniquely designed for use with potable water. If a reinforcing material is needed, an approved reinforcing fibre can be used with this product. An approved fibre should be used on pipework over 25 mm with Water Hawk.

### Package, Handling & Safety

Water Hawk is supplied in 400g tins and 200g tubs.

Water Hawk is classified as non-toxic, but for further information please consult the Safety Data Sheet (SDS).

### Specification

Colour: White-straw

Form: Thick paste

Odour: None

pH: N/A

SG: 2.0
