

1 YEAR WARRANTY

Blow Torch

“GREAT BALANCE AND COMFORT, ITS A PLEASURE TO USE”

FIREJET

ENHANCED FEATURES
GIVING EVEN GREATER LEVELS
OF RELIABILITY AND SAFETY.

NTFJ500
FIREJET BLOW TORCH

Easy clean servicable diffuser. The nozzle can be stripped down to give instant access so that the diffuser can be removed, cleaned and re-assembled

Nozzle design minimises thermal conductivity for safer handling

Non-corroding brass cylinder connection assures there are no stripped threads when removing or attaching the industry standard CGA600 bottles

Soldering and Brazing Protection

NTSBMICRO
BURN PROTECTION SURROUND
BARRIER PROPANE 6”

NT1001
BRAZING MAT

NTSBMICRO has a cut out design which allows it to be easily wrapped around a pipe, providing heat protection to surrounding surfaces

NT1001 has a wipe clean backing and protects up to 1200°C
Dimensions: 300mm x 200mm
