

WQ610

230V Slim Programmable Thermostat

The NEW Quantum WQ610 thermostat is the latest innovative addition to the SALUS portfolio. This sleek and stylish thermostat is the slimmest on the market at only 10mm thick*. It is powered by 230V and is hard wired to your system.

With innovation, science and quality in one, the new Quantum WQ610 thermostat is feature packed to ensure that your clients have perfect control over their heating system.

* When fitted to a recessed electrical box.
