ITEM DESCRIPTION

Meet the Armstrong, Apache's water resistant trainer boot. Outdoor tech meets the worksite with this versatile boot. Engineered using sustainable materials the Armstrong is manufactured in GRS (Global Recycled Standards) certified suede leather with recycled linings. This 100% non-metallic, water resistant boot is classed as a wide fit, and includes composite toe cap and midsole protection as well as a PU comfort footbed. Featuring a dual density PU/PU outsole which is tested and certified to the best slip rating in the 20345:2022 standard, as well as having a scuff cap for extra durability on the toe, and a ladder grip designed to the firefighters standard. Wide Fit.
