

Ariz is a collection of conference/auditorium chairs distinguished by their light form based on a combination of plastic parts – seat and back – with a metal wire frame. To increase the comfort of seating the seat and the backrest can be fabric upholstered. The distinctive feature of the family is a wide range of different finishes – seven colours and several types of plastics in various upholstery colours.

The collection consists of:

- Visitor chairs
- Bar Stools

It is possible to combine the rows of chairs which applies especially in classrooms or auditoriums but also in reception areas or waiting rooms. Regardless of the configuration finishes all the chairs in this family can be stacked.

5-year guarantee on parts, based on 8 hours of usage per day.
2-year guarantee on fabric, based on 8 hours of usage per day.
